

GINA GALLIVAN
AND ASSOCIATES

Los Angeles County Regional Peer Support Training

OUR SPEAKERS

DR. GINA GALLIVAN
CEO

GABE LIRA
Retired Sgt.

This training is designed to speak directly to the Peer Supporter and those working directly with or under the direction of the Peer Support team. In this training we will discuss what it takes to have a successful team. We will discuss critical incident responses by Regional Peer Support team members in Southern California, and lessons learned. Participants will learn official guidelines on how to respond to critical incidents outside of their own departments. The skills acquired at this training, such as active listening skills, protocols for whom and how to debrief, providing referrals, and how to approach contacts will all be reviewed to provide clear guidance on how to respond when you are called for assistance. Additionally, participants will learn:

- * The role of a peer support team member
- * What is Fitness for Duty
- * Retirement and Retirees
- * Chaplains and peer support

04/11/23
